1 Dean's Welcome

To Graduate Students and Postdoctoral Fellows

I am extremely pleased to welcome you to McGill University. Graduate and Postdoctoral Studies (GPS) collaborates with faculties and other administrative and academic units to provide strategic leadership and vision for graduate teaching, supervision, and research across 400 graduate programs. GPS also oversees quality assurance in admissions and attrition, the disbursement of graduate fellowships, support for postdoctoral fellows, and facilitates graduate degree completion, including the examination of theses. GPS has partnered with Enrolment Services to manage the administration of graduate students and postdoctoral fellows and to offer streamlined services in a one-stop location ([Service Point](#)).

McGill is a student-centred research institution that places singular importance upon the quality of graduate education and postdoctoral training. As Dean of Graduate and Postdoctoral Studies, I work closely with the Faculties, central administration, graduate students, professors, researchers, and postdoctoral fellows to provide a supportive, stimulating, and enriching academic environment for all graduate students and postdoctoral fellows.

McGill is one of Canada's most intense research universities, ranked 24th by QS World University Rankings 2015. We recognize that these successes come not only from our outstanding faculty members, but also from the quality of our graduate students and postdoctoral fellows and the community into which we are very happy to welcome you.

I invite you to join us in advancing this heritage of excellence at McGill.

2.3 General Statement Concerning Higher Degrees

Graduate and Postdoctoral Studies (GRS) oversees all programs leading to graduate diplomas, certificates, and higher degrees, with the exception of some programs in the School of Continuing Studies. It is responsible for admission policies, the supervision of graduate students, and recommending to Senate those who may receive the degrees, diplomas, and certificates.

5 Program Requirements

5.1 Master's Degrees

Residence Requirements ± Master's Degrees

Refers to the number of terms (or years) students must be enrolled on a full-time basis to complete their program. Students are not permitted to graduate until they have fulfilled the residence requirement (or paid the corresponding fees) in their program.

- The following master's programs have a minimum residence requirement of three full-time terms: M.Arch., M.A., M.Eng., LL.M., M.Mus. (except M.Mus. in Sound Recording), M.Sc., M.S., M.Sc.A. (except M.Sc.A. in Communication Sciences and Disorders).
- The following master's programs have a minimum residence requirement of four full-time terms: M.I.St.; M.Mus. in Sound Recording; M.U.; M.A. (60 credits ± Counselling Psychology ± thesis; 78 credits ± Educational Psychology, Teaching and Learning ± Non-Thesis; M.Sc.A. in Communication Sciences and Disorders; SMT, Religious Studies).
- The residence requirement for the master's program in Education (M.Ed.); Information Studies (M.I.St.); Management (M.B.A.); Religious Studies (S.T.M.); M.A. Counselling Psychology ± Non-Thesis; M.Teaching and Learning ± Non-Thesis; M.Sc. in Public Health ± Non-Thesis; M.Sc.A. Nursing; M.Sc.A. Occupational Therapy; M.Sc.A. Physical Therapy; and students in part-time programs is determined on a per course basis. Residence requirements are fulfilled when students complete all course requirements in their respective programs.
- For master's programs structured as Course, Project, or Non-Thesis options where the program is pursued on a part-time basis, residence requirements are normally fulfilled when students complete all course requirements in their respective programs (minimum 45 credits or a minimum of three full-time terms) and pay the fees accordingly.

These designated periods of residence represent minimum time requirements. There is no guarantee that the work for the degree can be completed in this time. Students must register for such additional terms as are needed to complete the program.

Coursework ± Master's Degrees

Program requirements are outlined in the various departmental sections of the Graduate and Postdoctoral Studies calendar.

The minimum credit requirement for a thesis or non-thesis master's degree at McGill is 45 credits.

Non-thesis degrees normally specify the course program which the candidate must follow.

The department concerned will examine the student's previous training and then decide which of the available courses in the area of specialization or related fields are required to bring the candidate to the proper level for the master's degree. Due account will be taken of relevant graduate level courses passed at any recognized university or at McGill.

The candidate is required to pass, with a grade of B- or better, those courses that have been designated by the department as forming a part of the program, including additional requirements.

Students taking courses at another university must obtain a minimum grade of B- (65%) if the course is to be credited to their McGill degree. In the cases where only a letter grade is used, a B- is the minimum passing grade and the percentage will be considered. In the cases where only a percentage grade is used, 65% is the minimum passing grade.

All language requirements must be fulfilled and the grades reported upon submission of the thesis to GPS (Thesis section).

Students must contact their departments to make arrangements to take the Language Reading Proficiency Examinations. Students may, however, demonstrate competence by a pass standing in undergraduate language courses at McGill (see departmental regulations).

Candidates are advised to discuss their language requirements as early in their program as possible.

Students expecting to enrol in Professional Corporations in the province of Quebec are advised to become fluent in both spoken and written French.

French language courses available at the French Language Centre. The teaching is intensive and class sizes are small. While undergraduate students are given preference, graduate students who are certain to devote sufficient time to the work may enrol.

Thesis ± Doctoral

The thesis for the Ph.D. degree must display original scholarship, expressed in good literary style and must be a distinct contribution to knowledge. Formal notice of a thesis title and names of examiners must be submitted to the Thesis section of GPS on the nomination of Examiners and Thesis Submission form, available at www.mcgill.ca/gps/thesis/guidelines/initial-submission in accordance with the dates on www.mcgill.ca/importantdates at the same time as the thesis is submitted. The list of examiners must be approved by the Department Chair, the supervisor and the student. The Thesis section of GPS should be notified of any subsequent change of title as early as possible. Guidelines and deadlines are available at www.mcgill.ca/gps/thesis/guidelines

Special regulations for the Ph.D. degree in particular departments are stated in the entries of those departments.

Thesis Oral Examination ± Doctoral

After the thesis has been read and approved, a formal oral examination is held on the subject of the thesis and subjects intimately related to it. This is conducted in the presence of a Committee of at least three members presided over by a Pro-Dean nominated by Graduate and Postdoctoral Studies Chair of the candidate's department and the Thesis Supervisor are regularly invited to be members of the Committee; at least one member of the Committee is appointed from outside the candidate's department. Guidelines are available at www.mcgill.ca/gps/thesis/guidelines

5.3 Ad Personam Programs (Thesis Option Only)

In very rare circumstances, an applicant who wishes to begin Master's (thesis option only) or Ph.D. studies of an interdisciplinary nature, requiring joint supervision by two departments, each of which is authorized by the Government of Quebec to offer its own graduate programs, may be admitted to an Ad Personam program. For more information, see www.mcgill.ca/gadapplicants/programs and contact the relevant department.

5.4 Coursework for Graduate Programs, Diplomas, and Certificates

Upper-level undergraduate courses (excluding 500-level) may not be considered for degrees, diplomas, and certificates unless they are already listed as required courses in the approved program description. If an upper-level undergraduate course (excluding 500 level) is taken by a graduate student, it must come as a recommendation from the Graduate Program Director in the department. The recommendation must state if the undergraduate course is an additional requirement for the program (must obtain B- or better) or if the course is outside the program (will be tagged as such on the record and fees will be charged). See document at www.mcgill.ca/gps/studentregistration#course.

English and French language courses offered by the French Language Centre (Faculty of Arts) or the School of Continuing Studies may not be used for coursework credits toward a graduate program.

All substitutions for coursework in graduate programs, diplomas, and certificates must be approved by GPS.

Courses taken at other institutions to be part of the requirements of a program of study must be approved by GPS before registration. Double counting is not permitted.

Graduate Admissions and Application Procedures

iv. Postdocs with full responsibility for teaching a course should be compensated above their fellowship at the standard rate paid to lecturers by their department. This applies to all postdocs, except those for whom teaching is part of the award (e.g., Mellon grantees).

v.

vii. Some examples of the responsibilities of the University are:

- to register Postdocs;
- to provide an appeal mechanism in cases of conflict;
- to provide documented policies and procedures to Postdocs;
- to provide Postdocs with the necessary information on McGill University student services.

Approved by Senate April 2000; revised May 2014

8.3 Vacation Policy for Graduate Students and Postdocs

Graduate students and Postdocs should normally be entitled to vacation leave equivalent to university holidays and an additional total of fifteen (15) working days in the year. Funded students and Postdocs with fellowships and research grant stipends taking additional vacation leave may have their funding reduced accordingly.

Council of FGS April 23, 1999

8.4 Leave of Absence for Health and Parental/Familial Reasons

A leave of absence may be granted for maternity or parental reasons or for health reasons. See [University Regulations and Resources > Graduate > Leave of Absence Status](#)

Such a leave must be requested on a term-by-term basis and may be granted for a period of up to 52 consecutive weeks. For maternity or parental leave, the eligibility period of a maximum of 52 consecutive weeks is determined based on when the child is born; if the leave is interrupted for one or more terms, the eligibility period cannot be extended. Students and Postdocs must make request for such a leave in writing to their department and submit a medical certificate. The department shall forward the request to Enrolment Services. See the procedure [University Regulations and Resources > Graduate > Leave of Absence Status](#)

Students who have been granted such a leave will have to register for the term(s) in question and their registration will show as "leave of absence" on their record. No tuition fees will be charged for the duration of the authorized leave. Research supervisors are not obliged to remunerate students and Postdocs on leave. A summary table of various leave policies (paid or unpaid) for students and Postdocs paid from the Federal and Quebec Councils through fellowships or research grants is available at www.mcgill.ca/gps/funding/students-postdocs/accepting-maintaining-funding under "Leave Policies: Funding Council Leave Policies for Graduate Students and Postdoctoral Fellows"

8.5 Postdoctoral Research Trainees

Eligibility

If your situation does not conform to the Government of Quebec's definition of Postdoctoral Fellow, you may be eligible to attend McGill as a Postdoctoral Research Trainee. While at McGill, you can perform research only (you may register for courses or engage in clinical practice). Medical specialists who will have clinical exposure and require a training card must register through Postgraduate Medical Education of the Faculty of Medicine, not Graduate and Postdoctoral Studies.

The category of Postdoctoral Research Trainee is for:

Category 1: An individual who has completed requirements for the Doctorate or medical specialty but the degree/certification has not yet been awarded. The individual will subsequently be eligible for registration as a Postdoctoral Fellow.

Category 2: An individual who is not eligible for Postdoctoral Registration according to the Government of Quebec's definition, is a recipient of an external postdoctoral award from a recognized Canadian funding agency.

Category 3: An individual who holds a professional degree (or equivalent) in a regulated health profession (as defined under CIHR-eligible health profession) and is enrolled in a program of postgraduate medical education at another institution. The individual wishes to conduct the research stage or research component of his/her program of study at McGill University under the supervision of a McGill professor. The individual will be engaged in full-time research with well-defined objectives, responsibilities, and methods of reporting. The application must be accompanied by a letter of permission from the home institution (signed by the Department Chair or equivalent) confirming registration in their program and stating the expected duration of the research stage. Individuals who are expecting to spend more than one year are encouraged to obtain formal training (master's degree) through application to a related graduate program.

Category 4: An individual with a regulated health professional degree (as defined under CIHR-eligible health profession) holds a Ph.D. or equivalent or medical specialty training, who fulfills criteria for funding on a tri-council operating grant or by a CIHR fellowship (up to maximum of 3 years post-degree).

Note: Individuals who are not Canadian citizens or permanent residents must inquire about eligibility for permit.

front-of-house staff among others. Posts are advertised through the Music Research and Performance Departments at the beginning of each semester and through the [Work Study](#) website.

A variety of research assistantships in selected areas are available. Inquiries should be directed to the Director of Graduate Studies and Associate Dean for Research ([see www.mcgill.ca/music/people/research/staf-directory](http://www.mcgill.ca/music/people/research/staf-directory)).

Opportunities for paid performances in the community for soloists, choristers, chamber ensembles, orchestral and jazz musicians, and piano collaborators are facilitated through the Booking Office ([see www.mcgill.ca/music/people/research/staf-directory](http://www.mcgill.ca/music/people/research/staf-directory)).

from year to year but are generally available in Jazz Theory, Jazz Education, Jazz Orchestra 3, Jazz Impassioned, and Jazz Combo. Montreal's vibrant jazz scene also provides rich opportunities for performance and musical engagement.

Graduates have active touring careers, teach in university jazz programs, and have produced recordings that have earned Juno awards.

section 11.1.17 Master of Music (M.Mus.); Performance: Early Music (Thesis) (45 credits)

Established in 1975, this program is the longest-standing Early Music program in North America. It offers early music specialists interested in historical performance practices a variety of performing experiences, including 15-20 chamber ensembles (lyric madrigal, viol, and recorder consorts, etc.), the Cappella Ansc67rr

Wilhelm, and Wolff, as well as the famous French classical organ in Redpath Hall. A number of assistantships are available in downtown churches with some of Montreal's most distinguished church musicians.

Graduates have won prizes in major national and international competitions and pursue church music careers around the world.

section 11.1.22 Master of Music (M.Mus.); Performance: Conducting (Thesis) (45 credits)

Students in this program specialize in orchestral, wind, or choral conducting. Enrolment is limited to outstanding candidates who have developed musical skills in voice, instrumental, or piano performance. The program provides for concentrated podium time, interactions with world-class conductors, score study, and the development of rehearsal techniques. A range of seminars provides for the in-depth study of performance practice and the development of analytical skills with leading scholars in musicology and theory. Thesis performance projects involve concert recitals with various Schulich School of Music ensembles.

Some graduates continue on to doctoral studies; others pursue conducting and teaching positions in schools, orchestras, and as opera assistants.

section 11.1.23 Master of Music (M.Mus.); Performance: Opera and Voice (Thesis) (45 credits)

The M.Mus in Opera and Voice develops vocal growth and artistic expression by immersing students in a vibrant musical environment that blends performance training with humanities-based scholarship. This specially designed program provides the option for students to specialize in opera performance or to develop artistry in a variety of solo and operatic repertoires.

There are three opera productions every year including one Early Music opera with period instruments. Other performance opportunities include solo recitals, studio concerts, Cappella, oratorios, chamber music ensembles, master classes with leading artists in the field, recording projects, and interdisciplinary collaborations. Performance opportunities emulate professional standards including rehearsals in a first-class opera studio and vocal repertoire coaching with internationally renowned coaching staff. Voice faculty, stage directors, and set designers are outstanding soloists and creative artists involved with major companies, opera programs, and festivals the world over. McGill singers are selected to participate in various professional young artist programs and have won major national and international auditions including the MET auditions and SAA.

Recent graduates perform with orchestras and opera companies in Canada, as well as companies in the United States, Germany, Spain, United Kingdom, and Eastern Europe.

Graduate Diplomas

section 11.1.24 Graduate Diploma in Music Performance (30 credits)

This one-year graduate performance diploma allows excellent musicians to refine their technique and master repertoire through intensive teaching, practice, and performance projects. Designed as a polishing diploma, the program prepares musicians for professional careers as soloists, opera singers, collaborative pianists, chamber jazz and orchestral musicians, or for further graduate studies in performance. Program requirements include a range of performance project options including solo, chamber, recording, orchestral auditions, and cross-genre collaborations. Admission is by audition, with candidates having previously completed a B.Mus., a Licentiate, or an M.Mus.

Graduates have won prestigious awards (e.g., Julesberger Prize, SOCAN competition) and have successful careers in university teaching, (freelance) composition, film, literature, and conducting.

section 11.1.27 Doctor of Music (D.Mus.); Music & Performance Studies

This program is for the inspired artist/scholar interested in expanding horizons. Students perform at a professional or professional level, are curious, and have research interests related to their artistic practice. A broad range of seminars explore performance practice in the broader humanistic and scientific contexts of music, while encouraging the critical thinking and the flexible range of ideas that promote new ways of engaging with music.

11.1.26 Doctor of Music (D.Mus.); Music — Composition

A minimum of two years residence is required to be the M.Mus. in Composition, or its equivalent. Details concerning the comprehensive examinations, composition performance, thesis, and academic regulations are available from the Graduate Coordinator, Schulich School of Music or from the Music Graduate Handbook (<http://www.mcgill.ca/music/current-students/graduate/graduate-music-handbook>).

Additional prerequisite courses may be assigned to candidates in Composition, Music Education, Music Technology and Musicology following transcript review and/or placement exams.

Thesis

The thesis is a musical composition of major dimensions together with a written analysis of it. The thesis must be defended in an oral examination.

Additional prerequisite courses may be assigned to candidates in Composition, Music Education, Music Technology and Musicology following transcript review and/or placement exams.

Thesis

A thesis for the doctoral degree must constitute original scholarship and must be a distinct contribution to knowledge. It must show familiarity with previous work in the field and must demonstrate ability to plan and carry out research, organize results, and defend the approach and conclusions in a scholarly manner. The research presented must meet current standards of the discipline; as well, the thesis must clearly demonstrate that the research advances knowledge in the field. Finally, the thesis must be written in compliance with norms for academic and scholarly composition and for publication in the public domain.

All courses and language requirements and the comprehensive examinations must be successfully completed before the thesis proposal is submitted.

Language Reading Requirements

No foreign-language reading examinations required in Sound Recording and Music Technology

One foreign-language reading examination required for students in Composition and Music Education.

Two foreign languages required for students in Musicology and Music Theory. Normally, one of these will be German and the other related to the candidate's field of research.

An additional language may be required if considered necessary for the candidate's research.

Students whose mother tongue is French exempt from the French Language Reading examination.

Note: The language reading examinations must be passed before a candidate will be permitted to sit the comprehensive examinations.
